

Little Red Riding Hood

-After watching the clips and reading the original version of the story, create a Venn Diagram comparing and contrasting the clips and the original story. 3-4 items in each category.

-After completing the Venn Diagram, answer the following questions on the back side of the same paper:

1. What is the nature of a wolf?
2. Is the wolf really the antagonist (bad guy) of the story? Why or why not?
3. Why do we think Red Riding Hood and her grandma are so innocent?
4. Why is the second part of the original story important? What lesson can be learned?
